

CALENDAR OF ACTIVITIES 2009

The Semiconductor and Electronics Industries in the Philippines Inc. (SEIPI) is the country's leading and largest organization of foreign and Filipino semiconductor and electronics companies and its allied and support industry.

In 1984, it was founded by 13 companies to conduct, promote and undertake technical trainings to meet the needs of the industry and accelerate the transfer of technology to Philippine workers.

Through the years, SEIPI moved on to become an organization of more than 250 companies that promotes the business interests of its members, represents the industry in interacting with government agencies and private institutions, addresses industry issues and concerns, performs advisory functions, and leads in the practice and management of best known methods of doing business. SEIPI has lived up to its vital role in enhancing the competitive environment for semiconductor and electronics business, driving the Philippines towards global leadership in the field of information and communication technology.

After 25 years of leading the semiconductor and electronics industries to the position of the country's top exporters, SEIPI is viewed as . . .

the benchmark industry organization
an organization with a reputation of credibility
an organization that can effect change
